

## **Powered by Galileo by Travelport Logos for XML Select™ sites**

The Powered by Galileo identity badge has been developed to enable you to endorse the usage of Galileo technology in the delivery of distributed data worldwide. These logos are for use on web sites that employ Galileo technology and marketing and advertising collateral that discusses or promotes Galileo technology.

The most common use of the Powered by Galileo identity is on web sites which have their own brand name, but utilize Galileo technology. The Powered by Galileo identity should not be used in place of the Galileo by Travelport logo when the corporate logo is appropriate. The Powered by Galileo logo should be smaller in size than the web site identity and in a subordinate position on the page, preferably along the bottom after all copy.

For further instructions for using the Powered By logos, download [Powered\\_by\\_Galileo.zip](#) from the XML Select Resource Center.
